Ishkode is an onsite opportunity to spark imagination into the transformational power of God's refining fire in community building through the story of intercultural collaborative action on Wisconsin Point. Participants are encouraged to rideshare as parking is limited. Please be prepared to be on your feet (walking and standing) for approximately 90 minutes with no breaks.

Participants will be challenged to confront past understandings and imagine new possibilities in the areas of community engagement, team building, and ecological practices that shape our relationships and our world.

Led by Callie Grones, Friends of the Lake Superior Reserve, and Colleen Bernu, Fond Du Lac Band of Lake Superior Chippewa.

Registration is free to everyone who registers for the Summit. Participation is limited to 30 people.
